DIGITIZED ARCHIVE: STURGIS, DENNIS & YARMOUTH LIBRARIES

Home Search Browse Viewer My Collection

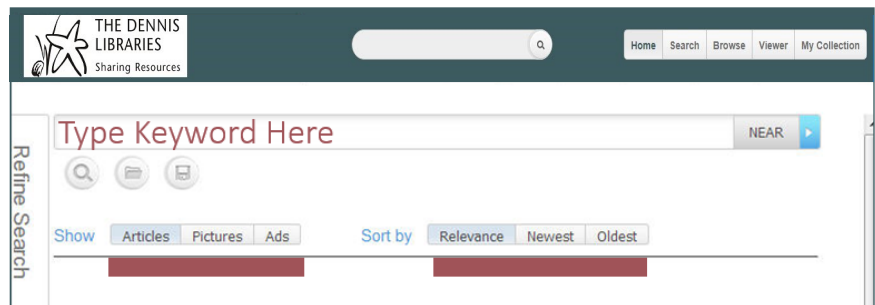

TO SEARCH THE ARCHIVE:

1. Type your term in the search box (center top) and click on the magnifying glass, **OR**
2. Select SEARCH or BROWSE from the menu (upper right), **OR**
3. Use the drop menu (Mobile) to access the SEARCH and BROWSE options.

BROWSE enables you to see each edition of the newspaper, page by page in its entirety. You can scroll forward and backward across the timeline (years at top; months in the left hand margin) and then click on any edition to continue scrolling through, page by page. An icon to magnify the print is included.

SEARCH is used for key words and phrases. You can also select articles, pictures, ads and then sort by relevance, newest and oldest. The REFINE SEARCH option (vertical tab, far left) offers even greater specificity.

REFINE SEARCH expands in the left hand margin, enabling more precise search combinations (i.e. any of the words entered; exact words, exclude certain words, etc.); title preferences (e.g. Barnstable Patriot, Yarmouth Register, etc.); date ranges; byline title (if any); and the option to search front pages only.
